

# a Vision + a Plan = a Legacy

A legacy is not a “highfalutin” term. A legacy is not related to wealth. Rather, it is comes from taking action. Most people die without a will (over 60%). A legacy is simply making a plan, which most people do not.

You are already a part of the church, a witness for Jesus Christ as a powerful way of transforming lives. You can create your legacy by simply taking your vision and linking it to a simple plan. Your plan may be as straightforward as a gift to Southern Hills UMC in your will or estate plan.

What a wonderful way to say, “I believe in the ministry of the church and want it to continue beyond my lifetime for the next generation!”

**The Permanent Endowment Committee here at church has additional information for you or your advisor about how the SHUMC Foundation administers legacy gifts. Call the Business Office for details or speak with a committee member.**

**Where there is no vision...the people perish.**
